To the Selectmen

We have audited the accompanying general purpose financial statements of the Town of Greenwood, Maine, as of and for the year ended December 31, 1997, as listed in the table of contents. These general purpose financial statements are the responsibility of the Town of Greenwood, Maine's management. Our responsibility is to express an opinion on these general purpose financial statements based on our audit.

We conducted our audit in accordance with generally accepted auditing standards. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the general purpose financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the general purpose financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall general purpose financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

The general purpose financial statements referred to above do not include the fixed asset account group, which should be included in order to conform with generally accepted accounting principles.

In our opinion, except for the effects on the financial statements of the omission described in the preceding paragraph, the general purpose financial statements referred to above present fairly, in all material respects, the financial position of the Town of Greenwood, Maine as of December 31, 1997, and the results of its operations for the year then ended in conformity with generally accepted accounting principles.

Our audit was conducted for the purpose of forming an opinion on the general purpose financial statements taken as a whole. The combining and individual fund financial schedules listed in the table of contents are presented for purposes of additional analysis and are not a required part of the general purpose financial statements of the Town of Greenwood, Maine. Such information has been subjected to the auditing procedures applied in the audit of the general purpose financial statements and, in our opinion, is fairly presented in all material respects in relation to the general purpose financial statements taken as a whole.

TOWN OF GREENWOOD, MAINE
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 1997

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accounting policies of the Town of Greenwood, Maine conform to generally accepted accounting principles as applicable to government units except for accounting for property, plant and equipment.

A. Financial Reporting Entity

Greenwood, Maine is organized as a Town in which citizens elect at large a three member board of selectmen which appoints an administrator. The accompanying financial statements present the Town's primary government units over which the Town exercises significant influence.

B. Funds

The accounts of the Town are organized into funds, each of which is considered to be a separate accounting entity. The Town has the following fund types:

Governmental Funds are used to account for the Town's general government activities. Governmental fund types use the flow of current financial resources measurement focus and the modified accrual basis of accounting. Under the modified accrual basis of accounting revenues are recognized when susceptible to accrual (i.e., when they are "measurable and available"). "Measurable" means the amount of the transaction can be determined and "available" means collectible within the current period or soon enough thereafter to pay liabilities of the current period. The Town considers all revenues available if they are collected within 60 days after year end. Expenditures are recorded when the related fund liability is incurred.

Property taxes, investment earnings and charges for services are susceptible to accrual. Other receipts and taxes become measurable and available when cash is received by the government and are recognized as revenue at that time.

TOWN OF GREENWOOD, MAINE
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 1997

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

B. Funds

Governmental funds include the following fund types:

The general fund is the general operating fund of the Town. It is used to account for all financial resources except those required to be accounted for in other funds.

The capital project fund accounts for the acquisition or construction of major capital projects or assets not being financed by proprietary or nonexpendable trust funds.

Fiduciary Funds are used to account for assets held by the Town in a trustee capacity or as an agent for individuals, private organizations, other governmental units, and/or other funds. Trust funds account for assets held by the Town under the terms of a formal trust agreement.

The nonexpendable trust funds are accounted for in essentially the same manner as the proprietary funds, using the same measurement focus and basis of accounting. Nonexpendable trust funds account for assets of which the principal may not be spent.

C. Total Columns

Total columns on the combined statements are captioned "memo only" to indicate that they are presented only to aid in financial analysis. Interfund eliminations have not been made in the aggregation of this date; and it is therefore, not comparable to a consolidation.

TOWN OF GREENWOOD, MAINE
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 1997

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

D. Budget Law and Practice

The selectmen submit an annual budget to the citizens in accordance with municipal law. In March the citizens adopt annual appropriated budgets for Town operating funds. These include general, highway, solid waste, police, fire and reserve funds. Once approved, the citizens may legally amend the adopted budget by vote at special town meetings.

The budgets are prepared on the cash and expenditures basis. Revenues are budgeted in the year the receipt is expected; and expenditures are budgeted in the year that the disbursements are anticipated.

E. Encumbrances

Encumbrance accounting under which purchase orders, contracts, or other commitments for the expenditure of monies are recorded in order to reserve that portion of the applicable appropriation is not employed by the Town of Greenwood.

F. Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting standards requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

NOTE 2 - CASH

At year end the Town's carrying amount of deposits was \$600,292 and the bank balance was \$599,104. Of the bank balance \$539,068 was covered by federal depository insurance or by collateral held by the Town's agent in the Town's name, and \$60,036 was uninsured.

NOTE 3 - PROPERTY TAXES

The Town's property tax for the current year was levied on September 2, 1997 on the assessed value listed as of April 1, 1997 for all real and personal property located in the Town. Taxes were due December 10, 1997 with interest at the rate of 10% per year assessed on unpaid taxes after December 31, 1997. Liens on 1996 unpaid property taxes were placed on May 31, 1997.
